Paul's Carpet & Furniture Cleaning Inc.

Enjoy the Comfort of Your Clean Home or Business with Confidence!

Paul's is a family-owned cleaning service with over 26 years of experience. Ethics and old-fashioned values are key to our continued growth and success.

Our technicians attend continuing education classes at the Institute of Inspection, Cleaning and Restoration Certification Schools (IICRC). **Shaw** and **DuPont**, industry leaders, recommend IICRC certified companies exclusively and refer **Paul's** to customers in the Greater Milwaukee Area.

Proper Care of Your Carpet...

Paul's cleans with a very hot, soft water cleaning solution that is safe for the environment, yet powerful enough to eliminate dust mites, germs, allergens, traffic soil and most stains. We rinse and extract every carpet fiber to be sure that residue left from prior carpet cleanings is removed. Most carpets dry in 4 to 6 hours (not 2-3 days) leaving no chance for mold.

Call us to remove the toughest spots and odors from your carpet, upholstery and furniture safely and gently.

Cleaning of Air Ducts & Dryer Vents...

Paul's is also certified in air duct and dryer vent cleaning and de-contamination. Air duct systems have been shown to act as collection areas for a variety of potentially harmful contaminants such as mold, bacteria, fungi, and small particles of dust.

Save Money! Reduce energy bills with a more efficient air system. We can replace paper air filters with efficient electrostatic filters. You'll never buy another filter again with our LIFETIME WARRANTY!

Reduce Fire Risk! Clothes dryers are the single, biggest cause of home fires in the United States. Having cleaner vents also allows your clothes to dry faster. And, this may lengthen the life of your dryer!!

Emergency Water Extraction...

In an emergency, call on someone you can trust. Paul is trained in water damage restoration. We will work until you are satisfied!

Improve Your Home's Health & Safety...

The removal of contaminants from your carpets, furniture and air ducts greatly improves the air quality of your home and office. **Improve your health – Don't re-circulate contaminated air.**

Trusted in Your Neighbors' Homes...

Trust us in yours! We pride ourselves in treating your home like our own. Your satisfaction is guaranteed!
